

**MATHI OLI VIDHYA BHAVAN**  
**Munirabad, R.R. District, A.P**

"Mathioli Vidhya Bhavan" – Making a mark in the field of education. As the name suggests, it is an institution that kindles every child's inner talent, to come out and shine in a completely holistic atmosphere and moulds them into budding, true, dynamic and talented Indian.

Set in a serene environment in a quiet village called Muneerabad (also known as Salegudem) in Medchal Mandal of R.R. District, the school is the culmination of a dream of Pujyasri Mathioli R.Saraswathy (Pujyasri Akka), Founder and President of Yogasaras Educational Academy, a branch of Nandalala Seva Samithi Trust, Chennai.

This dream project of Pujyasri Akka, whose immense love and affection for children like a true mother, bore fruit way back in a small village in 2008 with just a handful of students. Today, it has grown into a well-recognized and highly successful educational institution with over 200 students in its rolls.

The School is set in a huge 1.5 acres of land with a vast playground, built with the forethought of having spacious classrooms at a later stage and very good infrastructure to provide a holistic approach to education of children. As you enter the school premises you get the feel of walking into a serene and holy place built with utmost care and love towards children and education.

The school premises including the playground, kitchen and restrooms were recently renovated and painted to ensure improved and modern facilities are made available to the students.

Mathioli Vidhya Bhavan is now an affiliated school with CBSE middle class syllabus.

Features that make Mathioli Vidhya Bhavan stand out from the other schools are:

- The selfless service rendered by the school to bring out the best from the village students and to nurture them to stand in par with their city counterparts.
- Besides following the standards set by the CBSE, the school fosters all round development of the students.
- The school promotes the practice of Yogasana and physical fitness and also cultivates environmental awareness.
- The students are provided with healthy and nutritious food.
- To make academics interesting, the school adapts project based education and activities.
- The school kindles students' interest into cultural activities like Dance, Music, Arts, Rangoli, Modeling and the like.
- To ensure that the students are efficient enough to survive in today's competitive world they are taught to develop healthy competitiveness and life skills.
- The school promotes highly hygienic practices in everyday life.
- The students are exposed to the ever-evolving technology by providing specific attention to computer education. The school is equipped with an air-conditioned computer lab with 13 computers, projectors and other softwares.
- The school promotes patriotism and religiousness among the students.

Mathioli Vidhya Bhavan - A school which has set a benchmark in the field of education through expanding the reach of quality education to the rural parts of the country through an economical and sustainable model.
